A BISSEL HUMOR

A mechanic was removing a cylinder-head from the motor of a Harley motorcycle when he spotted a well-known cardiologist in his shop.

The cardiologist was there waiting for the service manager to come and take a look at his bike, when the mechanic shouted across the garage, "Hey Doc, want to take a look at this?" The cardiologist, a bit surprised, walked over to where the mechanic was working on the motorcycle.

The mechanic straightened up, wiped his hands on a rag and asked, "So Doc, look at this engine. I open its heart, take the valves out, repair any damage, and then put them back in, and when I finish, it works just like new.

So how come I make \$39,675 a year and you get the really big bucks (\$1,695,759) when you and I are doing basically the same work?" The cardiologist paused, smiled and leaned over, then whispered to the mechanic...

"Try doing it with the engine running."

Morty visits Dr. Saul, the veterinarian, and says, "My dog has a problem."

Dr. Saul says, "So, tell me about the dog and the problem."

"It's a Jewish dog. His name is Irving and he can talk," says Morty.

"He can talk?" the doubting doctor asks.

"Watch this!" Morty points to the dog and commands: "Irving, Fetch!"

Irving, the dog, begins to walk toward the door, then turns around and says, "So why are you talking to me like that? You always order me around like I'm nothing, and you only call me when you want something. And then you make me sleep on the floor, with my arthritis. You give me this fahkahkta food with all the salt and fat, and you tell me it's a special diet. It tastes like dreck you should eat it yourself! And do you ever take me for a decent walk? NO, it's out of the house, a short pish, and right back home. Maybe if I could stretch out a little, the sciatica wouldn't kill me so much! I should roll over and play dead for real for all you care!"

Dr. Saul is amazed, "This is remarkable! So, what's the problem?"

Morty says, "He has a hearing problem! I said 'Fetch,' not 'Kvetch.'"
